SERVICES

Additional ways Every Angle can help you achieve more

Every Angle's actionable insight can significantly help organisations undertaking business change or transformation projects. Every Angle can be used by ourselves or our business consultancy partners to offer a selection of unique and leading solutions to critical business issues.

Every Angle's plug-and-play analytics solution has provided a number of leading business value partners with a unique way to get to value quicker; providing an instrument for operational improvements, system audits and as a supporting tool to ensure a successful SAP go-live or roll-out.

Every Angle as well as its Business Value Partners offer a number of consulting related service packages that are designed to quickly deliver real understanding, real control, real value.

Value Adding Services we deliver:

Every Angle Implementation Services

Seeing is believing, as the saying goes. Therefore in order to prove the value of Every Angle we offer a Proof of Value that allows you to see it working on your live SAP data within 3 days. Alternatively, if you decide to implement Every Angle, our consultants are on hand to help you ensure that the implementation is smooth and error free. Finally, we are able to provide continuous program management support.

- ✓ Proof of Value
- ✓ Start-up Project
- ✓ Program management

Every Angle Application Services

These services are typically included in our implementation, but we also offer it as part of a separate service, for example when expanding the use of Every Angle throughout the organisation.

- ✓ Training
- ✓ Organize Governance
- ✓ Upgrade
- ✓ User Management
- ✓ Customer Specific Configuration
- ✓ Create Angles

Value Added Consulting Services - IT-orientation

Every Angle is a very powerful tool in helping to ensure success SAP go-lives, roll-outs or upgrades. We are able to support businesses by helping to identify and remediate issues during your SAP roll-out, as well as checking the health of your SAP system's data.

Every Angle can also rapidly develop KPI dashboards that show management what is going on in the business pre-and post go-live, with insights that enable the business to highlight and resolve any bottlenecks.

- ✓ SAP Go-live / Roll-out Support
- ✓ SAP Functional Health Check
- ✓ KPI Dashboards

Value Added Consulting Services - Business-orientation

Together with our Business Value Partners we can help you get most business value out of Every Angle. This not only covers the usage of our solution, but also includes improving the performance of your people and business processes to achieve sustainable improvements. These services include the following:

- ✓ Business Value Assessment
- ✓ Master Data Management
- ✓ S&OP Health Check
- ✓ VAT Compliance
- ✓ Stock Optimizer
- ✓ Process Mining
- ✓ Lean Six Sigma
- ✓ Spare Parts Optimizer
- ✓ Continuous Control Monitoring
